

A MESSAGE TO THE PUBLIC: PROTECT THE CROWN POST OFFICE IN PETERBOROUGH CITY!

- Post office Ltd **are putting the future of your Post Office at risk**, with their plans to close Peterborough City Crown Post Office and replace it with a downgraded franchise model.
- This will lead to an inferior Post Office for customers and local businesses. The changes are simply a cost cutting exercise which will **will have a huge impact on the service you receive**.
- Crown Post Offices offer a dedicated specialist service, by highly skilled, trained Crown Post Office staff. **The 11 staff who work in Peterborough City Crown Office have the experience and expertise** to make sure that you get the highest standards of service at your Post Office.
- That experience and the hands-on control of the The Post Office is especially vital when things go wrong.
- **It is more likely the new office will have to recruit its own staff that, will no doubt, be on lower terms and conditions.** Moreover, the specialist trained and committed service will be lost to the customers in these post offices.
- The move will also mean **the Post Office will be moved into a shop with smaller space and fewer counters**.
